

Disabled Adult Children (§1634 DAC)

§1634 DAC Eligibility Group Requirements*:
An individual who was receiving Supplemental Security Income (SSI) benefits and meets the following:

- Is at least 18 years of age;
- Has blindness or a disability which began before the age of 22;
- Has been receiving Supplemental Security Income (SSI) based on blindness or disability; and
- Has lost Supplemental Security Income (SSI) due to the receipt of Social Security benefits on a parent's record due to the retirement, death or disability of a parent.

*A person who meets all of the above criteria may qualify as a Disabled Adult Child under Section 1634 of the Social Security Act (regarding DAC). This designation comes from the Social Security Administration. Eligibility for Medicaid may continue as long as the person is determined blind or disabled. However, if the person receives income from another source or exceeds the resource limits, they may become ineligible for Medicaid coverage.

I lost my SSI benefits and Medicaid coverage when I started receiving Social Security Disabled Adult Child (DAC) benefits. The DAC benefits caused me to be over the SSI income limit. What should I do?

You or your guardian should have received a letter from the Social Security Administration (SSA) verifying that you may continue to be eligible for Medicaid coverage under the §1634 DAC eligibility group. If you did not receive or no longer have this letter, call the Social Security Administration at 1-800-772-1213, Monday through Friday between 7 am and 7 pm, to request a Benefit Award letter verifying Social Security benefits as a Disabled Adult Child or Disabled Dependent Child who received SSI in the past.
