

## Resources

National Developmental Disabilities Awareness Month is an opportunity to promote respect for people with intellectual and developmental disabilities (I/DD) and to educate students about the spectrum of abilities people with I/DD possess. For example, some disabilities are visible (a person who uses a wheelchair or crutches to ambulate), while other disabilities may not be easily recognized or seen by the eye (cognitive impairments that affect the way a person speaks, learns, or interacts with others).

Use the resources below to aid you in your bulletin board design or video submission.

- **The Arc of New Jersey Website on DD Awareness:** [www.disabilityawarenessnj.org](http://www.disabilityawarenessnj.org)
