

FIVE FAST FACTS FOR FRIDAY

Williams Syndrome Association

- The Williams Syndrome Association (WSA) was formed in 1982 by, and for, families of individuals with Williams syndrome to provide the resources and referrals you need now, and a strong and supportive community for a lifetime.
- Their vision is that they want to help ensure that all individuals with Williams syndrome have the support they need throughout their lifespan to live healthy, self-directed, productive, and meaningful lives.
- Williams Syndrome is rare and in general many people do not know about it. Williams Syndrome Association is trying to raise more awareness.
