

FIVE FAST FACTS FOR FRIDAY

Bancroft NeuroHealth

- Bancroft's mission is to help people with autism, intellectual and developmental disabilities, brain injury and neurological conditions realize their best life.
- Bancroft was one of the first private schools in the United States for children with intellectual and developmental disabilities.
- They have many services for a variety of people. These include children's services, adult services, autism treatment, and NeuroRehab.
- In order to get started with admissions/enrollment, call 800-774-5516
- For more information about Bancroft, visit www.bancroft.org
